Attorney and Counselor at Law

Practices in the Courts of Mason and adjoining counties. Prompt attention paid to collections.

**DR. SAM'L PANGBURN,**

PHYSICIAN AND SURGEON,

OFFICE, 31 THIRD STREET.

**T. H. N. SMITH,**

DENTIST!

Next to Bank of Maysville.

Given in the painless extraction of teeth.

**OPIUM** and Whiskey Habit cured at home without pain. Book of particulars sent FREE. B. M. WOOLLEY, M.D., Atlanta, Ga. Office 104½ Whitehall St.

## THE PARIS STRIKE.

It is Not as Extensive as First Reported.

## NOT ALL THE PROFESSION OUT.

The Military Still on Guard Duty, Although It is Not Believed That There Will be Any More Rioting—Other Foreign News.

PARIS, June 27.—In spite of the bakers' demonstration of Thursday and the prospects of a scarcity of meat, vegetables and fruit, as well as of bread, it is now stated that the majority of the bakers have not struck. Yesterday the bakeries and registry offices were thoroughly guarded by police and the military authorities have made arrangements to supply the master bakers with all the bread they require.

As there are prospects of further and more serious trouble as the result of the strike movements the troops forming the garrison of Paris are confined to barracks and all demonstrations or attempts to create a disturbance of the peace are rigorously repressed.

### Bismarck's Health.

BERLIN, June 27.—Prince Bismarck's condition is not improving, and, in addition to his old complaint, lumbago, he now complains of occasional pains in his head. His faculties are, however, perfectly clear, and he is confident of being about shortly in as good health as ever. All his spare time, when he is able, is given to the arrangement of papers that will probably go down to history in his memoirs. All sorts of rumors are afloat regarding Bismarck's health, but the above was given to the United Press correspondent from a thoroughly well informed source.

### Sorrows of the Jew.

LONDON, June 27.—The Odessa correspondent of The Daily News says: The holy synod in a recent order refused to proselytize Jews for material ends as immoral. This order coming into conflict with the government decree giving full rights to converted Jews, the synod forthwith issued a second circular forbidding priests to refuse baptism to Jews. Thus the Jews are compelled to distrust the authorities.

### Outrages Still Go On.

LONDON, June 27.—The correspondent of The Standard at Shanghai says that even the decree of the government ordering the immediate banishment of all persons implicated in the recent riots and massacres, has failed to stop outrages which are still being perpetrated on foreigners in China. The correspondent adds that twenty foreign war vessels are now lying in the Yang-kiang.

### Collision Near Basle.

BASEL, June 27.—Further particulars in regard to the Boetzberg tunnel collision show that a freight train collided with a passenger train which was coming in an opposite direction inside the tunnel. The mail car of the passenger train was crushed all out of shape, and two railway officials were injured. All the passengers escaped unhurt.

### Fearful Work of Lightning.

BERLIN, June 27.—Thunder storms have done fearful damage in Germany and Switzerland. At Coblenz, on the upper Rhine, great destruction has been wrought to crops and to property. Local railways have been obstructed by floods, and a cloudburst damaged the Soden mineral springs.

### A Dirty Chilian Trick.

LISBON, June 27.—Letters received in this city from members of the congressional party of Chili, accuse the police who are serving under the Balmaceda administration of throwing incendiary bombs at the ministers so as to afford a pretext for the arrest of the congressional negotiations.

### Prince Alice is ill.

VIENNA, June 27.—Prince Alexander, of Battenburg, ex-ruling prince of Bulgaria, who so gallantly defeated King Milan in the Bulgarian-Serbian war in 1885, is dangerously ill. Prince Alexander is suffering from an ulcer in the stomach.

### Sentenced.

LONDON, June 27.—The marines, who recently mutinied at Chatham, have been sentenced with imprisonment at hard labor, the three leaders to seven weeks and the others to two weeks.

### A SLEEPER WRECKED.

A Number of Passengers Injured, but None Seriously.

ST. PAUL, June 27.—The sleeper Dickinson, on the Northern Pacific train, which left here two days ago, left the track one mile west of Rosebud, Mont., 800 miles west of here, about 10:30 last night, because of a washout. The car tipped over into the water. Sixteen people were in the car, and several were more or less injured, but none seriously.

Among the number were: The temperance orator, Francis Murphy and wife, of Pittsburgh; Mrs. William Toole and son, of Hamilton, Ont.; T. A. W. Shock and wife, of Portland, Or.; Major Fred R. Scott and daughter, of Richmond, Va.; A. S. Wiley, of Detroit, Mich.; George J. Munroe, of Joliet, Ill.; W. P. Jewett, of St. Paul; Robert Crawshaw, of London, England; E. Benninghoven, of Chicago; Sidney Ashmun, of New York.

OWENTON, Ky., June 27.—Some months since Sam Garvey and John Sanders, both colored, had a difficulty during which Sanders was shot and severely wounded in the leg. Yesterday, as Garvey was passing the stable where Sanders is employed as hostler, the latter opened fire, killing Garvey almost instantly.

## OSBORN'S TRIAL.

Copy of The World Ruled Out from Appearance as Evidence.

COLUMBUS, O., June 27.—A great effort was made by Elliott's attorney yesterday to introduce a copy of The World of Feb. 22 as evidence in the case. After a long argument it was ruled out, on the ground that there was not sufficient proof to show which paper it was that scathing article had been written by Levering and which by Osborn. They are making an effort to show that Osborn inspired that portion of the article addressed to Levering.

H. C. Maloney, a former reporter of The Capital and more recently of The World, was put on the stand to testify that Osborn had threatened Elliott. He was hanging around The World office the night before the article was printed and saw some of Osborn's copy. He appeared somewhat in the capacity of the spy and carried the news to Elliott that he was being written up. Witness stated that he had asked Osborn on that evening if the article would be a severe attack upon Elliott, and he replied that it would be enough to drive the Irish s— a b— out of town.

A personal letter from Osborn telling Elliott that he must expect a show-up as he had given, was admitted as evidence after a lengthy argument.

### SHOOTING AFFRAY.

Two Men Fatally Shot and Another Seriously Wounded.

LOUISVILLE, June 27.—A fierce affray occurred at Pleasant Park last night, the principals in the affair being White Smith, D. C. Alsop and Sidney Smith. All three have for some time been paying court to a young woman who lives in the neighborhood, and, it is said, Seward and Alsop finally agreed to join forces against Smith, who was the favorite sinner.

About 6 o'clock yesterday evening Seward and Alsop drove over to the Watson farm and called for Smith. As he came up Seward and Alsop got out and began firing. Smith was hit in the neck and then returned their fire. The three men used their weapons as fast as they could pull the triggers, and Seward emptied two revolvers. Smith and Seward were fatally shot and Alsop was hit in the knee.

### Adjusting Salaries.

WASHINGTON, June 27.—The annual readjustment of the salaries of third-class postmasters has been completed by the postoffice department to take effect on July 1. From the statement it appears that there were 2,276 such offices on June 30, 1891. Sixty-nine third-class offices have been advanced to the second class and twenty-three have been relegated to the fourth class, while four third-class offices have been reduced to the fourth class. Fifty-eight new offices have been advanced from the fourth class to the third, leaving a total number of 2,246 third-class offices on July 1, 1891, and the aggregate salaries of the postmasters \$3,161.100. The aggregate of gross receipts which accrued at third-class offices, as shown by the adjustment, is \$8,343,974.60.

### It Occurred Before the Fourth.

EVANSVILLE, Ind., June 27.—J. Howes' wholesale and retail toy and stationery store, on Main street, in this city, was completely gutted by fire at 4:30 yesterday afternoon. An immense stock of fireworks was being removed from the fourth to the second floor, preparatory for Fourth of July. A boy named Oscar Kratz was carrying an armful of pyrotechnics when one exploded. Almost instantly the entire stock was exploded. The front windows were blown out and the entire building was converted into a mass of flame. Rockets flew in all directions. Pedestrians on Main street fled for safety. No one was seriously hurt. The firemen subdued the flames after a hard fight. Loss, over \$18,000; insurance, \$11,000.

### Jockey Badly Hurt.

CHICAGO, June 27.—Jockey V. Britton was very badly hurt in the first race at Washington park yesterday. He was mounted on John E. Pepper's 2-year-old filly Miss Dixie, in a field of twelve youngsters. About two furlongs from the start while in the center of the rushing mass of horseflesh, Miss Dixie stumbled and in falling pitched Britton heavily and head foremost against the inner rails. The right side of his head and face was frightfully mashed. He was taken to the Mercy hospital where an examination by the doctor showed that there was no danger of hemorrhage and that no bones were broken. The filly escaped unhurt.

### Fire in a Freight Car.

COLUMBUS, Ind., June 27.—About daylight yesterday morning a box car, making part of the northbound through freight train, on the P. C., C. & St. L. railway, was discovered on fire, and it was set out and the alarm turned in calling out the fire department. When the fire was extinguished it was found that the miscellaneous merchandise in the car was damaged \$200.

### Ex-Senator's Will.

INDIANAPOLIS, June 27.—The will of the late Senator McDonald was probated yesterday. The bulk of his property is left to Mrs. McDonald. This includes his Washington street property, personal effects and library. His watch and law library is given to C. F. McDonald, and the rest of his property is disposed under the laws of descent.

### Stevedores Strike.

CHICAGO, June 27.—The stevedores employed in unloading and loading the through freight steamers are out on a strike for an increase of pay from twenty to twenty-five cents an hour. The strike affects the Western Transit Union and Anchor lines.

### Judge Beatty McClelland.

COLUMBUS, Ind., June 27.—Judge Beatty McClelland, who was stricken with paralysis two or three days ago, died at an early hour yesterday morning.

## STRICKEN CHEROKEE

Further Reports From the Flooded Valley.

## GREATER THAN FIRST REPORTED

Hundreds of Head of Stock Have Been Lost and Many Carcasses Already Left on Shore—The River Subsiding Though Still Out of its Banks.

FORT DODGE, Ia., June 27.—The latest advices from Cherokee say that the damage by the floods is greater than at first reported. As the waters recede the carcasses of cattle are landed, and the stench from them permeates the air. It is estimated that hundreds of head of stock have been lost.

Two miles of track of the main line of the Illinois Central has been washed out between Cherokee and Sioux City and will take about a week to repair the damage. The Omaha and Sioux Falls branches of the same road are in a worse way, and it will be about ten days before traffic can be resumed. On both the wire connections are still broken.

The Sioux river is subsiding, but it is still forty feet deep and covers a quarter of a mile of the country. The average depth of the river when in the channel is about four feet. The work of clearing away the debris is now in progress and aid is being rendered the unfortunate inhabitants. The town of Moyle is still flooded and not one of the 200 inhabitants is able to occupy their houses and all are camping out.

### HEAVY RAIN IN OMAHA.

The City Partly Flooded and Great Damage Done to Property.

OMAHA, June 27.—Rain fell continuously from 7 o'clock yesterday morning till 6 o'clock in the evening. Considerable damage was done in the northern and eastern parts of the city. In the vicinity of the old North Omaha creek the streets are flooded to a depth of from two to five feet, and the water is up to the widows of the first floors of hundreds of houses. Street car traffic in that section of the city is abandoned.

East Omaha is almost all under water, but the overflowed section is not thickly populated, and comparatively little damage was done.

A cloudburst occurred in the afternoon at Millard, twenty miles from Omaha, on the Union Pacific, and inundated the track for nearly half a mile. The washout near Central City was repaired yesterday, and the overland trains which had been delayed since Thursday morning, passed over the break and reached Omaha yesterday evening. The washouts on the Elkhorn road, which had been repaired, were washed out again yesterday. The heaviest rain for years fell at Nebraska City yesterday. The streets and cellars were flooded and great damage done.

### Another Heavy Rain in Nebraska.

LINCOLN, June 27.—Another heavy rain fell throughout the state yesterday. Trains are badly delayed on account of the numerous washouts. The Elkhorn appears to be the greatest sniffer locally, a bad washout between here and Fremont making a transfer necessary. All small streams are overflowing.

### More Damage Done.

DENVER, June 27.—Reports just received show that the storm of Wednesday and Thursday was unusually severe. Wednesday a cloudburst occurred near Box Elder, doing great damage and ruining crops. Thursday a cyclone wrecked several houses and caused injury to several persons.

### PROHIBITION LAW IN MAINE.

Acting Secretary Spanning Decides a Very Peculiar Case.

WASHINGTON, June 27.—Acting Secretary Spanning has decided a very peculiar case touching the prohibition laws of Maine. The state law prohibits the sale of intoxicating liquors. Some time ago twenty-four bottles of whisky were imported at Rockland, and forfeited for violation of the internal revenue laws. By a rule of the treasury department all forfeited goods are advertised in the public prints and sold at auction. The forfeited whisky was advertised to be sold at auction July 1.

Acting Secretary Spanning has solved the difficulty and complied with the law at the time, by ordering the whisky to be sold at auction in Boston, Mass.

### World-Ho Whippers Arrested.

LAFAYETTE, Ind., June 27.—The sheriff yesterday arrested and arraigned before a justice of

If the Buckeye Democrats will just lay aside their personal grievances and unite on any good man they can wipe out the Republicans in the approaching contest.

There is some talk of starting a factory here to make smoking tobacco. There is no reason at all why it couldn't be manufactured at just as much profit here as anywhere else.

The Danville Advocate very truthfully and pointedly observes that some people who oppose the new Constitution "have never read the old one, and were they told that it was the new instrument wouldn't know the difference." It is an important matter, and every voter should take the trouble to thoroughly inform himself on the subject so that he can vote intelligently.

A vast amount of printed matter is being sent out to different portions of the State and distributed among the people. This work costs money, and no small amount. Who is footing the bills? People who contribute to such a fund don't usually do so simply because they want to spend money. An answer to this question might be of service to people in doubt as to whether the adoption of the new Constitution would prove of benefit or detriment to the people at large.—Georgetown Times.

GENERAL BEATTY, one of the prominent Republicans of the Buckeye State, pays Governor Campbell the following tribute:

"Governor Campbell may have made mistakes, but in manliness of bearing, in attention to public duties, in courtesy to those who call on him in the executive office on official business, in dispassionate and intelligent consideration of public affairs, in courageous treatment of incompetent or dishonest opponents, in cool, deliberate, methodical action, and in earnest desire to maintain the honor of the State and promote its prosperity, he has had no superior in the gubernatorial office within the past fifteen years. He is not only better than his party, but stronger; and if Foraker thinks anybody is going to have to use his own boastful language—'a glorious feast,' 'a pleasing pastime,' 'a sort of restful recreation,' in defeating Campbell, he thinks the thought of a fool."

This is strong language to be spoken of a Democrat by a Republican, but it is well merited.

We believe it was that wide awake journal, the Louisville Times, that made the discovery a few days ago that if the new Constitution should be adopted, Kentucky could make no appropriation for the World's Fair at Chicago in 1893.

To bear it out in this statement the Times quoted the following section of the new organic law:

The credit of this Commonwealth shall never be given or loaned in aid of any person, association, municipality or corporation.

No sooner did this appear in the Times, than the Owensboro Messenger, the Richmond Climax, and other papers that get their cue from the Louisville Courier-Journal crowd, joined in the cry. They all wanted the new Constitution defeated because it wouldn't allow the Legislature to appropriate any funds for an exhibit at the World's Fair. They didn't carry their investigations far enough, however. If they had done this they would have found that the objectionable section was exactly similar to the provisions on the subject in the organic law we have been living under for years. Here is what the present Constitution says (Article 2, Section 33):

The credit of this Commonwealth shall never be given or loaned in aid of any person, association, municipality or corporation.

A comparison shows that the section about which such a hue and cry was raised is taken word for word from the present Constitution.

Wonder whether the Times, the Messenger, the Climax and the other papers will be fair enough now to acknowledge they were wrong.

As the Louisville Post remarks: "Neither of these provisions can affect the right of the General Assembly to appropriate a sufficient sum of money to make a proper exhibit at the World's Fair. In doing this the State will not violate the old or new Constitution. It would not be a gift or loan to any person, association, municipality or corporation."

### For the Farmer.

The Limestone Stock Farm will close the season July 1 with McAllister, as he goes into training.

George Washington is on record as saying: "Orchard grass is of all others, in my opinion, the best mixture with clover; it blooms at precisely the same time, rises quickly again after cutting, stands thick, yields well, and both cattle and horses are fond of it, green or in hay."

Wheat is being harvested and is making a fair yield. The straw is somewhat short and so is many of the heads, but the latter are well filled, and if we don't have too much rain before threshing time the crop will be of better quality than usual. The grass seed crop, while quite a short one, is some better than was anticipated and the prospect of big prices stimulated the gatherers and in some places considerable seed was saved. The buyers and sellers are widely apart in their views, 80 cents being offered and \$1 asked. It is reported that one of our large farmers has sold his crop of 1,500 bushels for August delivery at the latter price.—Winchester Democrat.

### Big Peach Orchard.

The Hustonville correspondent of the Danville Advocate says: "McKee & Son, of King's Mountain, owners of the largest peach orchard in Central Kentucky, are now picking and shipping to market. They estimate their present crop at 25,000 bushels early peaches. They employ during the season of picking and packing 150 hands. They have also built a dry house with two large evaporators, with a capacity of 150 bushels daily. This is one of the largest industries in the land and is paying the gentlemen quite handsomely for their investment. This extensive orchard is an old worn out farm, formerly owned by Green Barnett, who, in former years, with a good season, could raise 3 or 4 barrels of corn per acre, and was satisfied with the returns. This peach orchard lies within an hour's walk of McWhartons Lake, the finest fishing ground in all this region."

### County Court Doings.

James Shackleford resigned as guardian of Bertha Lee Moran, having previously filed a full settlement of his accounts as guardian aforesaid.

An inventory and appraisement of the personal estate of Mary Jane Gill, deceased, was filed and ordered recorded. The appraisement amounted to \$2,046.91.

An inventory and appraisement of the personal estate of Washington Simpson, Jr., deceased, was filed and ordered recorded. The property was appraised at \$790.

The Valley Turnpike Company filed its annual report. No toll is collected on the road.

William Miller Galbraith was appointed administrator of Mary Galbraith, and qualified with W. W. Tuel as surety. Appraisers, A. R. Howard, J. Smith Prather and John E. Wells.

### Anna Rene in the 2:30 List.

Says the Paris Record: "Anna Rene, by Cyclone, dam Naomi, by Twilight, won the two-year-old stake at Springfield, Ill., Tuesday in 2:33 and 2:30. This was her first start and adds one more to the great list for Cyclone, and gives

Uncle Jack Hook, her owner and driver, a fine suit of Allen Bashford's best clothes, that Mr. James E. Clay, owner of Cyclone, had promised him if she entered the 2:30 list in her first race. Anna Rene is the new two-year-old wonder we spoke of a few weeks since, and something wonderful may be expected of her before the season closes.

"Snip Nose and Dr. Sparks both trot this week at Springfield, and on Saturday Uncle Jack will take his string to Bloomington, Ill., where he expects to be in it a few times."

### Denominational Doings.

Elder C. P. Williamson, of Richmond, closed a meeting at Chattanooga, with eighty-four additions to the Christian Church.

The Methodists of South Wales, in quarterly meeting, adopted resolutions condemning his Royal Highness, the Prince of Wales, for gambling.

The Cumberland Presbyterian Church in Kentucky has 243 organizations, 185 church edifices, with a seating capacity of 65,350, worth \$254,600, and 15,358 communicants.

The prayer attributed to Lyman Beecher some people feel inclined to repeat. It was: "God help us not to despise our rulers; and God help them not to be such men that we can not help despising them."

### Ruggles Camp Meeting.

The hotel and other privileges of Ruggles camp meeting for this year were sold yesterday and brought more money than ever before. Geo. Dale, of Lewis County, secured the hotel and stable privileges, Plummer & Cadwalader, of Lewis County, the confectionery privileges, and John Teager, the barber shop and baggage privileges.

Everything points to a large attendance and a successful meeting. There are only two cottages and one room for rent now, the rest having been taken.

### Here and There.

Miss Katie Fitzgerald left last evening on the F. V. for Chicago to visit friends.

Miss Agnes Breen, is at home after spending the past session at White Sulphur Academy.

Mrs. Hart and daughter, of Fleming County, are visiting Mrs. R. C. Bland, her sister, at Washington.

Mr. and Mrs. Henry Power and daughter, of Paris, are visiting his parents, Mr. and Mrs. John W. Power.

Mrs. Elizabeth Clay, of near Helena, is visiting Mrs. James B. Claybrooke, her sister, in the Washington vicinity.

Mrs. Pelham, of Maysville, is the guest of Mrs. R. V. Bishop and attending the Women's Missionary Society.—Cynthia Anna Times.

Mr. Walter Wormald, son of Mr. Wm. Wormald, arrived home last night from Niagara Falls, where he has been attending school.

Miss Lida Owens, of Maysville, arrived Thursday for a visit to her sister, Mrs. E. R. Blaine, of 193 East Maxwell street.—Lexington Transcript.

Miss Anna A. O'Donnell left yesterday evening for Chicago, with her relative, Miss Celia O'Connor, who has been attending the Visitation Academy the past year.

Mr. and Mrs. James B. Clement, of Hannibal, Mo., residents of Maysville years ago, are here on a visit to their old home. They are guests of Mr. and Mrs. A. C. Respass.

Rev. Henry Fornan and wife, Mr. Frank Newton Fornan and Rev. S. F. Taylor, who have been visiting at Washington, left for the home of the latter, in Mercer County, yesterday morning.

### River News.

The new Cincinnati and Memphis packet John K. Speed cost \$70,000.

The downward bound and returning Pittsburgh towers have kept things lively of late on the river.

The Chancellor for Portsmouth, Bonanza for Pomeroy and Hudson for Pittsburgh will pass up to night; the Boston down to-morrow.

Only one steamer lay at the Pittsburgh wharfboat a few days ago, and this is the first time it has occurred for over forty years, though boating is heavier now than ever before. The recent coal shipments from Pittsburgh will cause the return to that point of over \$2,000,000, all of which goes into the hands of miners and those they deal with. The wages paid to crews on the coal fleets from Pittsburgh on the recent run was \$40 to \$50 for deck hands and firemen and \$125 to \$150 for pilots.

### Running Too Fast.

In the case of Thomas Dougherty, who was run over and killed by an electric car at Lexington the Coroner's jury reported as follows:

We find from the evidence that the car was going at a rate of fifteen to twenty miles per hour and was beyond the control of the motorman at the time of the accident. We believe with ordinary precaution the accident could have been avoided.

The company will soon have a big law suit on hand. All could have been avoided by a little precaution on the part of the motorman.

### Called Meeting.

The members of the Ancient Order of Hibernians are earnestly requested to meet at their hall to-morrow afternoon at 2 o'clock. Business of importance will come before the meeting and a full attendance is desired.

John T. Short, President.

### Pioneer Sarsaparilla.

Priceless, peerless, pure and perfect. The greatest blood purifier of the age. The cheapest treatment on earth, combining economy and virtue. Only fifty cents per bottle. For sale by Power & Reynolds.

### Notice.

Saturday, July 4th, being a legal holiday, the building associations will be open for receiving dues, etc., on Friday night, July 3rd, and not on July 4th.

### Penned by the Punsters.

Some men will keep everything but their distance.

The horn of plenty is generally understood to be about three fingers.

It's the long and short of the Wall street story that interests all concerned.

The chief social need suggested by this climate is a portable fire escape.

Adam and Eve never borrowed anything from their neighbors except trouble.

He's a poor man who is without friends in these days, when even his clothes will stick to him.

The man from the country goes to town to see the sights; and the man from town, on invitation from the real estate dealer, goes to the country to see the sites.

### Whooping Cough.

"We have had an epidemic of whooping cough here, says A. B. Pope, Stewart, Tenn., and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when the remedy is freely given. It completely controls the disease. Fifty cent bottles for sale by Power & Reynolds.

## KACKLEY & McDougle, MAYSVILLE, KY.

### OUR NEIGHBORS.

#### CHESTER.

Mr. and Mrs. O. P. Hocke celebrated his mother's eighty-sixth birthday at their residence yesterday. Neat invitations were issued to all her children and grandchildren, and throughout the day their merry voices and bright faces could be heard and seen. It was a happy event to all, and will long be remembered by those present. Mrs. Hocke was as bright and lively as her guests, and was delighted with the honor shown her and with the mementoes her relatives presented to her as a small token of their affection.

#### A "Homeless" Novelist.

Mr. David Christie Murray has been recounting to the good people of South Australia how he became a novelist. On his first arrival in London he found, like so many others, the difficulty of getting employment on the press. Before the turn of the tide came, he says, he had four days' wandering in the streets, and at nights sat on the benches of the Thames embankment in most curious company. He was at last helped by the late John Lovell, of the Press association, afterward of the Liverpool Mercury, who "invented" some work for him, and sent him two guineas in a pill box, labeled "To be taken immediately."—London Tit-Bits.

#### A Curious Apache Belief.

The Apache Indians' religious belief prevents them from committing murder in the dark. If a dozen Apaches should discover a man sleeping by his camp fire at night no amount of money would hire them to attack him until the sun came up. They believe that if they kill a man at night their own souls will walk in eternal darkness forever. Knowing this curious superstition, hunters, scouts, trappers and others traveling through the Apache nation move about during the night and lay by in some safe retreat during the day.—St. Louis Republic.

The word catarrh, as popularly used, means either nasal catarrh or bronchitis. Nasal catarrh is often helped by snuffing up, so as to carry it into the mouth, a weak solution of salt and water, repeating the operation several times a day. Where the disease is very persistent, it is well, when possible, to try a change of climate. In bronchitis the case should be attended by a physician.

The fact that many of the houses of Portland, Or., and San Francisco are built of redwood is given as a reason for the few destructive fires that occur in those cities. The wood is almost uninflammable, and though a fire will smolder in it, it never blazes. The great objection to the use of this wood in the eastern states is that it will not stand the alternations of heat and cold.

A marvelous feat is recorded of a young Japanese student. He entered the University of Berlin some years ago as a medical student, being then entirely ignorant of German as well as of science; yet in three months he passed an examination conducted in German and including several branches of the medical curriculum.

Dr. Justin, of Syracuse, has organized a company with \$5,000,000 capital for the manufacture of the dynamite shell of which he is the inventor.

#### What She Should Cultivate.

[Music and Drama.] Let the sweet girl graduate cultivate: An erect carriage. A low, sweet voice. A taste for good reading. A forbearance in judgment. An amiable, even disposition. A love for truth, a hatred for falsehood. An unaffected, straightforward manner. An art of listening as well as of talking. A promptness in answering letters and keeping engagements.

When Baby was sick, we gave her Castoria. When she was a child, she cried for Castoria, when she became Miss, she clung to Castoria, when she had children, she gave them Castoria.

#### Cincinnati Tobacco Market.

(Friday.)

Frices show very little change from Thursday and a much commoner grade was offered for sale. The solid well when

## EVENING BULLETIN.

SERVICES at the First Presbyterian Church to-morrow at 11 a. m. Young People's prayer meeting at 7:30 p. m. No preaching at night.

THERE will be preaching at the Baptist Church to-morrow at 11 a. m. and 8 p. m. by the pastor. Subject at 8 p. m., "Christian Citizenship."

TRAVEL from Louisville to the summer resorts on the line of the C. and O. is said to be larger this year than ever before in the history of the company.

THE eastbound F. F. V. last night was two hours late, and passed here at 11 o'clock. The delay was caused by the engine breaking down near Covington.

HARVEST is here, and Frank Owens Hardware Co.'s establishment is the place to buy Toncrys', McNutt's and Schwab's cradles. These brands are the best made.

MR. J. H. GAYLE, of Louisville, will succeed Mr. F. E. Janowitz as joint agent of the C. & O. and L. & N. roads at this place. Mr. Gayle has been engaged in the railroad business several years.

ONLY a few more days to close out our entire stock of china, glass and queensware, which must be sold without fail. We mean business. Dinner, tea and chamber sets at sacrifice prices. Yours respectfully,

18d&wlt OBERSTEIN & COHEN.

### TEACHERS CHOSEN

For Next Session—Professor Milton Johnson Succeeds Professor Hall.

The Board of Education elected teachers last evening for the public schools of the city for the session of 1891-92.

Professor C. J. Hall, who has had charge of the High School for several years, expects to go to Covington to take charge of the High School at that place, and Professor Milton Johnson, late of Mayslick, was elected to succeed him.

This was the only change made, and the list for the coming session will be as follows:

DISTRICT NO. 1.

Principal—Henry Smith.

First Assistant—Miss Belle Golling.

Primary—Miss Lizzie Cartmel.

DISTRICT NO. 2.

Principal—Hayes Thomas.

First Assistant—Mrs. Fannie Ray.

Primary—Miss Ella Wallace.

DISTRICT NO. 3.

Principal—B. F. Williams.

First Assistant—Miss Anna M. Campbell.

Primary—Miss Sallie Burrows.

INTERMEDIATE.

Principal—Josiah Wilson.

Assistant—Miss Ella Metcalfe.

HIGH SCHOOL.

Principal Female Department—Miss Fannie I. Gordon.

Principal Male Department—Milton Johnson.

Assistant—Miss Pearl Sutton.

Professor Johnson is highly recommended as a teacher. He has splendid testimonials from Professor Roark, of the Glasgow Normal School, from Professor Win. T. Harris, of Dover, N. H., President of the Polytechnic Institute, and from many others. For three years past he has taught at Mayslick, and the Board there were anxious to secure him again. He is an enthusiastic and successful educator. He was born near Germantown.

Mrs. N. B. SMITH, the veteran stonemason was prostrated by the heat Thursday. He was resting a little easier this morning, but his condition is rather serious.

MR. GILBERT COLLINS, the baggage express man, is carrying his right hand in a sling, as a result of a bad sprain, received while he was handling a trunk a few days ago.

MESSRS. OWENS, MITCHELL & CO.'S hardware store has been painted, inside and out, papered and otherwise improved and is now one of the handsomest business houses in the State.

W. L. BEURY and Mrs. Anna Woodward, of Robertson County, were married at Aberdeen few days ago. This is the third venture of the groom and second marriage of the bride.

MR. JOHN W. SHEPPARD, of this city, has received notice through his attorney, M. C. Hutchins, that he has been added to "Uncle Sam's" pension list at the rate of \$12 per month from July 30, 1890.

THE supper at Public Library last evening was quite a success, about \$25 being realized. The ladies of the Library Association are to be congratulated on having paid off all their indebtedness.

MR. NEWTON COOPER is having the St. Charles building painted and put in thorough repair. Mr. Lambden has had the rooms all papered and carpeted and has put electric fans in all the rooms.

USUAL services at the Central Presbyterian Church to-morrow, conducted by the pastor. Subject in the morning, "Love Your Enemies;" subject at 7:30, "The Eagle." Strangers made welcome.

AND still another one added to the list. William S. Hicks, of Chester, was notified this morning through his attorney, Captain Hutchins, that he had been granted a pension of \$6 per month from July 10, 1890.

SERVICES in the M. E. Church to-morrow at 11 a. m. and 8 p. m. Preaching morning and night by Rev. Thomas Hanford, D. D., pastor. Subject for the morning, "Christ's Ascension Into Heaven." Epworth League at 7 p. m. Strangers especially invited.

MR. CHARLES MERCARD, an old Mayslick boy, representing the Folger, Mergard & Heis Novelty Company, was in town yesterday with a view of supplying the electric railroad company with an improved bell-punch, a late invention of the firm of which he is a member. This punch will probably be adopted by the Cincinnati companies in a short time.

REV. HENRY FORMAN and wife will visit Kentucky's great wonder, the Mammoth Cave, before leaving the State. Some years since while on vacation at Washington Mr. Forman and his brothers made a visit to the Cave on foot. Of course their desire to see the Cave increased as they neared the place and when within some few miles of it they interrogated a farmer, working on the roadside, concerning it. Their ardor was considerably dampened when they heard him say that, although living so close to the Cave all his life, he had never seen it, and he expressed his surprise that they should have traveled so far to see what he considered no wonder at all.

### HO! FOR THE FOURTH.

It Will be Celebrated in Maysville With a Grand Pic-nic.

The Ancient Order of Hibernians have secured Dietrich & Bro.'s beautiful grove and will celebrate the glorious Fourth of July with a grand pic-nic. Amusements of all kinds, such as swings, dances, croquet and other games for those who may wish to indulge in such pleasant pastime. Refreshments of all kinds served on the grounds.

It was originally the intention of the order to give an excursion to Ironton on the 4th, but they have abandoned it, and will use every effort to make their pic-nic the most enjoyable one ever held in this neighborhood. Everybody is invited to spend the day with them, and all can rest assured of having a good time. Further particulars given next week.

Mrs. George T. Simonds Dead.

Mrs. George T. Simonds, of Bloomington, Ill., died very suddenly about 10 o'clock this morning at the home of Mr. J. M. Walker, near Millwood.

Her health had been failing a year or so. Recently she came to Maysville on a visit to Mrs. S. S. Riley, and left after a few days since to spend some time with Mrs. Riley's sister, Mrs. Walker, in hopes of being benefited by a stay in the country.

Her husband and one son, an only child, survive her. Her sudden death will be learned with sincere sorrow by her many friends in this city.

### Syrup of Figs.

Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be the most beneficial to the human system, acts gently on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

A large stock of scythes, scaths, forks, hoes, wheelbarrows, screen doors and window screens can be found at Frank Owens Hardware Co.'s. The window screens are self-adjusting; will suit any window.

MR. C. B. OSBORNE, of Tuckahoe, son of Mr. and Mrs. Scott Osborne, is among the young Kentuckians who distinguished themselves at Washington and Lee University, Lexington, Va., the past session. He was awarded the honors in the classes in physiology and natural philosophy.

THE german given Thursday night at the St. Charles Hotel was an enjoyable affair. It was led by Mr. Harry Owens and Miss Mary Field. Bailey's orchestra furnished music, and the dance was indulged in until a late hour. Among those present were Miss Field, of Louisville; Miss Wadsworth, of Lexington; and Miss Finch, Miss Ethel Johnson, Miss Mamie Hocker, Miss Addie Campbell, Miss Lillie May Thomas, Miss Belle Barkley, the Misses Means, Miss Fannie Frazee, Miss Mamie Wood and Miss Frazee; and Messrs. George C. Keith, E. B. Powell, Ed. Parker, Dr. Owens, Harry Owens, Ed. Geisel, Will Cole, H. Lloyd Watson, Horace Cochran, Mr. Dabney, Oscar McDougle and Stanley Watson.

THE usual services at the Central Presbyterian Church to-morrow, conducted by the pastor. Subject in the morning, "Love Your Enemies;" subject at 7:30, "The Eagle." Strangers made welcome.

AND still another one added to the list. William S. Hicks, of Chester, was notified this morning through his attorney, Captain Hutchins, that he had been granted a pension of \$6 per month from July 10, 1890.

SERVICES in the M. E. Church to-morrow at 11 a. m. and 8 p. m. Preaching morning and night by Rev. Thomas Hanford, D. D., pastor. Subject for the morning, "Christ's Ascension Into Heaven." Epworth League at 7 p. m. Strangers especially invited.

MR. CHARLES MERCARD, an old Mayslick boy, representing the Folger, Mergard & Heis Novelty Company, was in town yesterday with a view of supplying the electric railroad company with an improved bell-punch, a late invention of the firm of which he is a member. This punch will probably be adopted by the Cincinnati companies in a short time.

REV. HENRY FORMAN and wife will visit Kentucky's great wonder, the Mammoth Cave, before leaving the State. ## REVIEW OF TRADE.

Bradstreet's Report from Business Centers.

### QUIET IN TRADE CIRCLES.

A few exceptions in view of the large demands—rains greatly benefit the crops in certain sections—effects of a rumor about the Chilian coffee crop. Failures of the week.

NEW YORK, June 27.—Bradstreet's review of trade says: With few exceptions special telegrams to Bradstreet's from the more important trade centers report a continuance of quiet in general trade circles. Chicago, St. Louis, St. Paul and Omaha are the noteworthy exceptions. Hardware, clothing, notions, nails and wire and some lines of dry goods showing the effects of an enlarged demand.

Elsewhere, dullness and quiet are conspicuous in leading lines, notably at Boston, New York, Philadelphia, Baltimore, New Orleans, Memphis and San Francisco. Kansas City announces a fair trade, with collections slow. More southern iron furnaces in blast have depressed pig iron prices east. Lumber stocks tend to increase at all centers and prices are heavy. Produce prices generally are lower, except for potatoes. Leather is heavier, particularly at Boston, owing to failures of importance. Notwithstanding a fair demand for boots and shoes, eastern makers' stocks are increasing.

A severe storm throughout the northwestern states has done a good deal of damage. Rains at the south have helped all the crops. Rubber is higher, as is sugar, and coffee promises to be if recent short crop reports from Brazil are confirmed. At Omaha fat cattle are higher, and other grades, as well as hogs, lower in price. Cattle at St. Louis are lower on full receipts, while at Kansas City cattle and hogs are higher on light receipts.

Dry goods generally are quiet at first hands, but full styles of prints and gingham are moving freely. Raw cotton is unchanged in price, though there are better foreign advices and some investment buying. Wool is in slow sale. Ohio and Michigan are not in active demand, and prices tend downward. Ohio and Pennsylvania X is one and one-half cents lower than on July 1, 1890, and two cents lower than January, 1891. Australian wool is selling fairly well.

The price of wheat has tended downward during the week, under the pressure of favorable crop reports, smaller foreign takings and reduced speculative demand at home. New wheat is coming forward freely in California, and exports from San Francisco have declined two-thirds in volume, while those from north Pacific coast ports have decreased about one-half.

Business failures in the United States number 227 against 250 last week and 165 this week last year. The total Jan. 1, to date, is 50,957 against 5,400 last year.

### LOVE IN MID-AIR.

A couple elope in a balloon, and now the old lady wants her girl back.

ST. LOUIS, June 27.—A singular story has developed by the application, at the city hall, of Mrs. J. T. Goodrich, of Pittsfield, Mass., for help to recover her 16-year-old daughter Clara, who had eloped in a balloon from Pittsfield on Decoration day with an aeronaut named Walter Cooper. The girl became acquainted with Cooper—a smooth-talking, handsome young aeronaut. He called upon the girl at her house, but her father and mother did not like the fellow, and finally forbade her to receive attention from him. Then she began to meet him in secret. There was evidently a vein of sensationalism in the young people, because when they determined to elope the commonplace methods which have been in vogue for centuries would not do.

On Decoration day young Cooper was to give a balloon ascension at the fair grounds in Pittsfield. Dressing herself in a suit of her brother's clothes, Clara eluded her parents and stealthily made her way to Pittsfield. Her father pursued and reached the fair grounds just in time to see his daughter being borne into the air in the balloon with the young aeronaut. Mrs. Goodrich has been pursuing the couple ever since, and swears to kill her daughter's betrayer on sight.

### Suicide or Deception.

PORLTAND, Me., June 27.—A man giving the name of Westbrook boarded the steamer Portland, at Boston, last night and immediately retired to his stateroom. Upon the arrival here of the steamer this morning it was discovered that the bed in the stateroom had not been occupied. In the room was a box addressed to Amos W. Carson, Haverhill, Mass., also letters addressed to Mrs. Amos Carson and Charles York, Haverhill. It may be a case of suicide, but appearances indicate a clever deception. The man had time before the boat left Boston to change his clothing and get ashore.

### Condition of the Dolphin.

WASHINGTON, June 27.—The navy department will resume the repair of the Dolphin July 1 next at the Norfolk navy yard, when the appropriations for the next fiscal year will be available. But the department appears to have abandoned the idea of fitting up the vessel to replace the Dispatch and only the ordinary repairs will be made, while the president and such guests of the nation as are to be transported by water from place to place must continue to use the old vessel.

### Taken Out and Shot.

DANGERFIELD, Tex., June 27.—News has reached here that two objectionable negroes living in Cass county, ten miles east of this place, named Will Hartfield and Mun Sheppard, were taken out and shot to death by unknown parties.

### New Postmasters.

WASHINGTON, June 27.—The president has appointed the following-named postmasters: William H. Smith, at Florence, Mass.; Margaret Andrews, at Franklinville, N. Y.

MISSING OVER THIRTY YEARS.  
Come Back to Find His Wife With Husband No. 3—Will Go With No. 1.

LOCKPORT, N. Y., June 27.—The little village of Sanborn, twelve miles west of this city, has a sensation. In 1860 Thomas Tisdale, with a wife and four children, resided in a Canadian village. That year he was engaged as escort to a fishing party to Georgian Bay, and when the party returned, Tisdale was reported as having left them in a rowboat, and nothing was heard from him since. It was presumed that he was lost among the many islands in the bay and drowned. After several years, as Tisdale did not return to his family, Mrs. Tisdale accepted the theory of his death and married William Davis. In about four years the second husband died, and the widow married a Mr. Copeland, of Tonawanda. A few days ago Tisdale appeared at Sanborn, and Mrs. Copeland being sent for identified him as her long-missing first husband. Present indications are that the third husband will have to relinquish his wife, and that she will join her fortunes with the first.

### GOLD IN ILLINOIS.

A Company Formed to Dig for the Precious Metal.

DANVILLE, June 27.—A certificate has been granted by the secretary of state to Dr. William J. Moore, Edward Searles, Samuel Stansbury, Robert Holmes and W. K. Mills to organize a company to be styled the Vermillion Placer Gold Mining company, capital stock \$200,000, shares \$25 each, to mine gold and other precious metals. As soon as the stock is subscribed the company will be organized and an assessment of about 10 per cent. made on the stock to thoroughly prospect and test whether gold can be found in paying quantities in this county. Good specimens of gold have been found on the Middle fork and other parts west of the river. Mr. Mills, the projector of the enterprise, is an old gold miner, and is of the opinion that gold can be found in paying quantities. He has been investigating the matter for two months past, but is not able to develop himself.

### DANGEROUS DRILLING.

A Dynamitier's Fearful Mistake While Working in a Stone Quarry.

ALTOONA, Pa., June 27.—Shortly before noon yesterday, at the large quarries at Piney creek, Robert Calbert and a gang of men prepared two blasts and fired them. One, however, failed to explode.

Calbert took a 16-foot bar and prepared to drill it out. He placed the end of the bar in the hole and let it drop, when an explosion occurred. Twelve feet of the bar was driven through his body, and it is said his screams were heard for half a mile. The remainder of the bar was pulled through the wound, and after twenty minutes of agony Calbert died.

### Au American Consul in Trouble.

SAN FRANCISCO, June 27.—Collector of the Port Phelps has preferred charges of a serious nature against United States Consul Leonard, stationed at Shanghai, and officials at Washington will investigate. Leonard is charged with indorsing fraudulent Chinese certificates allowing Chinese to land at American ports.

### Glass Works Burned.

ANDERSON, Ind., June 27.—The casting hall and furnace room of the Diamond plate glass works at Elwood burned last night. The fire started about 8 o'clock and burned four hours. The Richmond, Logansport and Anderson fire departments were called upon for assistance. The loss will reach \$50,000, covered by insurance.

### Town Without Any Officials.

PLAINSTOWN, N. H., June 27.—As a result of liquor raids on number of road-houses in this vicinity by the town officials, the police force have resigned and the proprietor of the only hotel in this village has closed his house. The citizens will hold an indignation meeting to protest against the action of the town officers.

### Yale-Harvard Boat Race.

NEW LONDON, Conn., June 27.—The sixteenth annual four-mile, eight-oared, straight-away race between the Yale and Harvard university crews was rowed yesterday over the Thames course from Winthrop Point to Gates Ferry, and was won by Harvard by eleven lengths. Time, 21:57. The record now stands: Yale, nine victories and seven defeats; Harvard, seven victories and nine defeats. Yale holds the time record.

### A Drowned at Last.

PITTSBURG, June 27.—The Amalgamated Association adjourned last night after having been in session twenty-two days. All the old officers except the vice president of the Fifth district were re-elected. John Martin, of Anderson, Ind., was elected to fill that position. The delegates elected to the Federation convention are William A. Carney, Jeremiah Doherty and Reese W. Prosser.

### Shot By Unknown Men.

KANSAS CITY, June 26.—The Star's St. Joseph (Mo.) special says: Theodore Smith, of Agency, a village fourteen miles from here on the Santa Fe road, was shot and instantly killed about 10 o'clock last night by three unknown men just as he was closing his store.

### Six Years for Wrecker Simmons.

NEW YORK, June 27.—James A. Simmons, who was convicted of aiding General Peter J. Clasen, president of the Sixth National bank, in the embezzlement of the funds of that institution, was sentenced to six years' imprisonment in the Erie county penitentiary. An appeal will be taken to the supreme court.

### Lumber Mills Burned.

DULUTH, June 27.—Fire in C. N. Nelson Lumber company's mills at Cloquet, Minn., yesterday afternoon, destroyed lumber and sheds valued at \$14,000. Insurance of blanket form, amounting to \$40,000. The fire is still burning, but under control.
